

Residential Under Sink Reverse Osmosis Drinking Water Purifier

Total Solution / Cost Effective / Durable Quality / Reliable Workmanship

Features of the under sink reverse osmosis system:

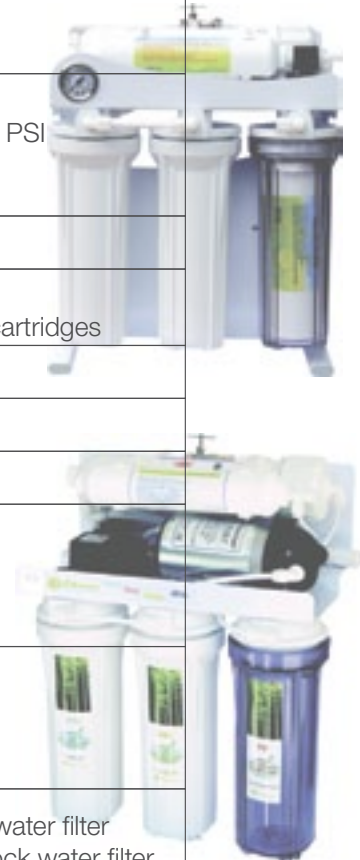

- All components of the under sink reverse osmosis system conform to FDA / ANSI / NSF standards.
- NSF42 certified water filter cartridges / CE certified transfer adapter.
- Constant quality performance.
- Quality throughout.

Specifications of the under sink reverse osmosis system:

- Carton box: 40 cm x 45 cm x 50 cm, 17 kgs per unit (standard bracket RO with tank)
- Standard parts with flow restrictor, check valve, high pressure, low pressure switch & transformer adapter. Further specification details see chart below.
- Accessory pouch with the reverse osmosis system: wrench, faucet hanger, ball valve, feeding valve, PE tubes, drain saddle valve.

Specifications		Standard	Optional
Water storage tank		3.2G steel	4.2G plastic tank 4G plastic-steel 2.2G plastic 2.2G steel
Booster pump		24VDC / 0.2 Amps, 0.13 GPM / 0.55 LPM @ 120 PSI	24V DC/ 0.2 Amps 0.25 GPM / 1 LPM @ 120 PSI & other name brand: Teco / Jeak / Headon.
Solenoid valve		4-ways shut-off valve	Electric magnetic valve
Pre-water filter housing		Double o-ring EG-housings clear-white-white	YT- slim line housing Jumbo In line water filter cartridges
Bracket		Wall mount (white powder coated)	Stand shelf
Faucet		Tap faucet	Ceramic faucet
Connectors		Jaco mode connectors	Push-in quick connectors
Others parts		n/a	Mixer valve, Pressure gauge, manual flush valve, IC control box.
Membrane		Taiwan origin 50 GPD 75 GPD 100 GPD	USA Filmtec membrane Korea CSM membrane US GE membrane Aspring membrane
Water filter cartridge scheme	Pre-filters	1 Same as PG32 2 Same as PG32 3 Same as PG32	4 1uM absolute sediment water filter 5 1uM absolute carbon block water filter 6 1uM absolute carbon block water filter
	Post in- line water filter cartridges	In line water filter cartridges	# t - M (minerals) # t - B (bamboo GAC) # t - SCBC (anti-bacteria) UV-1G (UV steriliser) #t - MC4+ (infra-red ceramics)
